

OCCUPATIONAL SAFETY & HEALTH ACT 1994 (OSHA) AWARENESS

The Occupational Safety and Health Act 1994 (OSHA) Awareness Course is designed to provide a fundamental understanding of occupational safety and health. It also covers the implementation and regulation of the OSHA Act 1994 in Malaysia as well as the ISO 45001, Occupational Health, and Safety Management Systems. This course enables participants to identify common work hazards and ways to reduce potential workplace accidents.

LEARNING OUTCOMES

- Define 'Occupational Safety and Health'.
- Describe the types of hazards and common injuries that can occur at the workplace.
- Discuss the importance of adhering to Occupational Health and Safety guidelines.
- Explain the aims of the Occupational Safety and Health Act 1994.
- Describe the benefits of having an ISO 45001 Management Systems

GET IN TOUCH

WHY IS THIS COURSE IMPORTANT ?

Compliance - OSHA course helps organisations comply with federal safety regulations, which can prevent costly fines and penalties.

Safety - this course provides employees with the knowledge and skills needed to identify potential hazards and take appropriate safety measures, thus preventing accidents and injuries in the workplace.

Morale - OSHA training course demonstrates and organisation's commitment to safety and employee well-being, making employees feel safe and valued, which can improve morale and job satisfaction.

Improved productivity - employees trained on proper safety practices work more efficiently and effectively, leading to improved quality and productivity.

Reduced cost - organisations that implement an effective QMS and comply with the standard can differentiate themselves from their competitors, leading to increased business opportunities and market share.

WHO SHOULD ATTEND?

- C-Level Executives, Managers, Supervisors
- Officers, Internal Auditors, Government Officers
- Consultants
- Employees
- Anyone involved in the planning, implementing, maintaining, supervising or auditing of an ISO 45001 Management Systems or Occupational Health and Safety related department.
