

EMGS AT YOUR SERVICE: E-LEARNING COURSE

This comprehensive e-learning course explores the essential workings of EMGS, the Malaysian government agency responsible for facilitating international student visa applications. The course covers the registration process for educational institutions, guides participants through the Student Application Registration System (STARS), and provides a complete guide for submitting accurate and complete student visa applications. Participants will gain practical skills and insights necessary for efficient operation within the EMGS system, ensuring a smooth and successful visa application process.

LEARNING OUTCOMES

- Introduction to EMGS.
- Comprehend the Student Lifecycle Management Process.
- Understand the Student Application Registration System (STARS).
- Comprehensive guide on submitting complete student visa applications for international students.
- Prepare and submit accurate supporting documents for student visa applications.

WHY IS THIS COURSE IMPORTANT ?

Ensure Compliance - This course provides essential knowledge on Malaysian regulations for international student applications, ensuring your institution meets all legal requirements and avoids potential pitfalls.

Efficiency - By streamlining the application process, this course helps reduce errors and delays, making the entire process more efficient. This leads to faster processing times and a smoother experience for both the institution and the students.

Expertise - Gain in-depth knowledge and practical skills in handling visa applications, from initial registration to final submission. This expertise is crucial for managing complex visa procedures and ensuring that applications are processed correctly and professionally.

Confidence - Build confidence in managing the entire student visa application lifecycle. With comprehensive training, you will be well-prepared to address any challenges that arise, ensuring applications are completed accurately and promptly.

Reputation - Enhance your institution's reputation by ensuring smooth and successful visa application processes. A well-managed application process reflects positively on your institution, attracting more international students and strengthening your position in the education sector.

WHO SHOULD ATTEND?

- Staff from the institution's Student Management Office.
- Staff responsible for handling the submission of Student Visa Applications.

BENEFITS OF PARTNERING WITH US

- **Innovative Training** - Our courses are developed by experts in their respective fields, ensuring that the content is exceptional and comprehensive.
- **Convenience** - Our courses are designed to be flexible and convenient, enabling individuals to study at their own pace and according to their own schedule.
- **Assessment and Certification** - Our courses include assessments to evaluate your understanding of the material and provide a certificate of completion to recognize your achievement.
- **100% HRDC Claimable** - Claims will be handled directly with HRDC, making the process hassle-free for you.
- **Customer Support** - Our team is dedicated to providing excellent customer support, helping individuals with any questions or issues they may encounter during their learning journey.
